Building Product Information Sheet

Marblo Baths

Building Product Information Requirements (BPIR)

Version: 1

Date Created: December 2023

Product Name	Marblo Baths
Product Lines	Solid surface bath
Product Identifier(s)	Marblo brand

PRODUCT DESCRIPTION

- Marblo Solid Surface baths are freestanding style.
- Marblo are made a polymer-based hybrid solid surface material, invented in 1979.
- Colour is matt white.
- Water working capacity (volume) differs by model, refer to Technical Specification Sheet.

SCOPE OF USE

- Marblo solid surface baths are designed for domestic bathing/cleaning applications.
- Designed to be filled by a Bath Filler (floor mounted) or Wall mounted bath mixer.
- All Marblo baths are freestanding installation.

CONDITIONS OF USE

- Marblo Baths must be installed by a registered trade person and as per the manufacturer's instructions.
- All plumbing to and from the bath must be carried out by a registered plumber and in accordance to AS/NZS3500.
- These products are intended for domestic or commercial use.
- Not suitable for accessibility facilities.
- Care should be taken when filling the bath with hot water (mixture of hot/cold) as per installation instructions.
- Uncontrollable heat source (e.g., wet back systems) are not recommended as water temp above 60deg direct onto the bath surface can cause damage and discolouration. Recommended TCV valves with a fixed temperature of 55deg are recommended as per AS/NZS3500 Plumbing Regulations.
- Cleaning shall be done in accordance with the manufacturers cleaning instructions.
- Solvent based cleaners should not be used on any surface.

RELEVANT BUILDING CODE CLAUSES

B2 Durability — B2.3.1 (c)
F2 Hazardous building materials — F2.3.1
G1 Personal Hygiene — G1.3.2
G12 Water Supplies — G12.3.5

CONTRIBUTIONS TO COMPLIANCE

- B2.3.1 (a) (ii) and (iii) Marblo baths have a durability of at least 10 years when not exposed to direct UV light and where not crushed or knocked in a way that may cause a crack in the bath, that may cause a leak.
- F2.3.1: Marblo baths are safe when handle when installed as per the supplied installation instructions. There are no requirements for this product to comply with Acceptable Solution F2/AS1, First Edition Amendment 3, 2017.
- G1/AS1 - Marblo baths are required to be connected to a waste system to assist the removal of the water as per AS/NZS3500 Plumbing Standards and in accordance with the manufacturers installation instructions.
- G12/AS1 - Water Supply to the bath should be provided in accordance to AS/NZS3500 to ensure the supply does not cause backflow or contamination into the potable water system.
